

**Mr. Albert Curry, Jr.**  
Deputy Assistant Commandant for  
Engineering and Logistics  
U.S. Coast Guard

Mr. Curry is a native of Edgefield, South Carolina and a 1976 graduate of Strom Thurmond High School. He received his Bachelor of Science Degree in Electronic Engineering Technology from Savannah State University and his Master of Science Degree in Systems Engineering (Electronic Warfare) from the Naval Postgraduate School. On August 19, 1980, Mr. Curry was commissioned an officer in the U.S. Navy through the Savannah State University Naval Reserve Officer Training Corps (NROTC) program and retired as a Captain from the Navy in October 2006. Additionally, he is a graduate of the Advanced Program Management Course at the Defense Systems Management College, Fort Belvoir and is a certified Department of Defense (DoD) and Department of Homeland Security (DHS) Acquisition Level III Acquisition Program Manager.

During active duty his at sea assignments include: Electrical / Auxiliary Officer and Main Propulsion Assistant aboard the USS CONOLLY (DD-979); Engineering Officer aboard the USS BARNSTABLE COUNTY (LST-1197); Material Officer for Amphibious Squadron EIGHT; Executive Officer aboard the USS NICHOLSON (DD-982); and Commanding Officer of the USS PENSACOLA (LSD-38).

His ashore assignments in the Navy include: Assistant Program Manager for the Global Positioning Systems Program Office for ships and submarines; Deputy Program Manager for the Tomahawk Cruise Missile Mission Planning System Program, Technical Director and Major Program Manager for the Cruiser Conversion Program; Warfare Systems Engineer for Amphibious/Auxiliary/US Coast Guard ships in Program Executive Office, Integrated Warfare Systems; Chief of Staff for Program Executive Officer Aircraft Carriers, Deputy for Naval Sea Systems Command's Task Force Total Force; and Director, Naval Sea Systems Command Total Force Development Office.

Mr. Curry currently serves as the Acting Deputy Assistant Commandant for Engineering and Logistics (CG-4D) for the U.S. Coast Guard. Additionally, he has served as Deputy Project Manager for the U.S. Coast Guard Rescue 21 Program, and as Deputy Program Manager for U.S. Coast Guard C4ISR Major System Acquisitions. He is a member of the Surface Navy Association, National Naval Officer Association, and the Savannah State University National Alumni.
